127 SOUTH 23RD STREET

PHILADELPHIA, PA.

9/22/31.

Dear Sirs,

They tell me that one volume of
the American Journal of Numismatics,
contains an article "The medals, jetons
and tokens illustrative of the science of medicine."
Can you tell me which volume and have
you a copy of that volume for sale?

Respectfully

Louis B. Hall.

September 25, 1931.

Mr. Louis B. Hall
127 South 23rd Street
Philadelphia, Pa.

Dear Sir:

Dr. Storer's articles on the "Medals, Jetons and Tokens Illustrative of the Science of Medicine" ran over a large number of years in the American Journal of Numismatics and was never completed. To acquire these various Journals would cost considerable money. Dr. Storer's son has recently published in book form a complete catalogue of Medical Medals, numbering about 9000 pieces. You might write to Dr. Malcolm Storer, 380 Beacon Street, Boston, Massachusetts, who will tell you how much this book costs.

Very truly yours,

HW:JG

Curator
